

Dear parents / carers,

Firstly, I want to thank you for supporting 'at home learning' for your child. I know that this has not been easy.

I also wish to thank you for understanding that our staff have also found this time very challenging.

I am very proud of how we have managed this crisis together; you have done a marvellous job; our staff have been fantastic, and our students have been amazing. Thank you!

I need your continued help and understanding to make sure our community keeps safe and healthy when students return to school.

This fight we have in eradicating COVID-19 is not over.

5. Social distancing of 1.5 metres is the most important strategy in not transmitting COVID-19, please remind students of the 1.5 metre expectation.

7. Students travelling to school on foot should maintain social distancing if walking with a friend.
8. Students travelling on public transport should avoid touching surfaces, washing hands and social distance where possible.

11. Students should bring their own snack and lunch, so as to avoid crowding at the canteen.
